**RESPONSE TO SECOND COMMUNICATION REGARDING SEQUENCE LISTING
STATEMENT TO SUPPORT FILING AND SUBMISSION OF SEQUENCE LISTING IN
ACCORDANCE WITH 37 C.F.R. §§ 1.821-1.825**

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This responds to the communication from the PTO mailed 27 September 2002, which appears to be very similar if not identical to the communication mailed 19 July 2002, noting one error in Sequence Listing and indicating that Applicants had not yet met the requirements of 37 CFR §§ 1.821-1.825.

REMARKS

Applicants can only conclude that the Office lost the documents filed on 06 August 2002, which corrected these errors and included both a paper and CRF Sequence listing, and the required Statement.

Applicants believe that rather than inquiring further into these errors by the Office, it is more efficient simply to respond to the present Communication by once again submitting the same corrected paper and CRF Sequence Listings and reiterating the statement attesting to their identity. Thus, enclosed herewith is a correct substitute CRF Sequence Listing and paper Sequence Listing
